Received	<i>Initials</i>	<i>Date</i>	
Parcel Maintenance (CS3000) Updated	<i>Initials</i>	<i>Date</i>	
Valuation Records Updated	<i>Initials</i>	<i>Date</i>	
LINZ Advised	<i>Initials</i>	<i>Date</i>	

Rural Address Property Identification Numbering

The Western Bay of Plenty District Council has implemented a system that issues a number to the entrance of rural properties in its area.

How is the number allocated?

The number you are allocated is based on a measurement system. Your entranceway is measured from the start of your road in metres and the last digit is dropped. If the entrance to your driveway has been measured at 2213 metres from the beginning of your road, your number will be 221. All odd numbers will be on the left hand side of the road and even numbers will be on the right.

Entrances on SH2 between Tauranga and Katikati are measured from the roundabout at the intersection of Waihi and Cambridge Roads and are known as SH2 Tauranga West numbers.

Those beyond Katikati are known as SH2 Katikati North numbers. Entrances between Tauranga and Te Puke are measured from the Maungatapu roundabout and are known as SH2 Tauranga East numbers.

Those beyond Te Puke are known as SH2 Te Puke.

State Highway 29 entrances are measured from the Maungatapu roundabout, while the intersection of SH2 and SH33 is the origin of the SH33 numbers.

Shared Driveway

Driveway entrances that give access to more than one property will only have one number that applies. Property owners can then share this number and may further identify their property by using A B C etc. Council has plates available that you can erect on you mailbox etc. It is up to the landowners to advise Council how they wish the A and B identification to be applied.

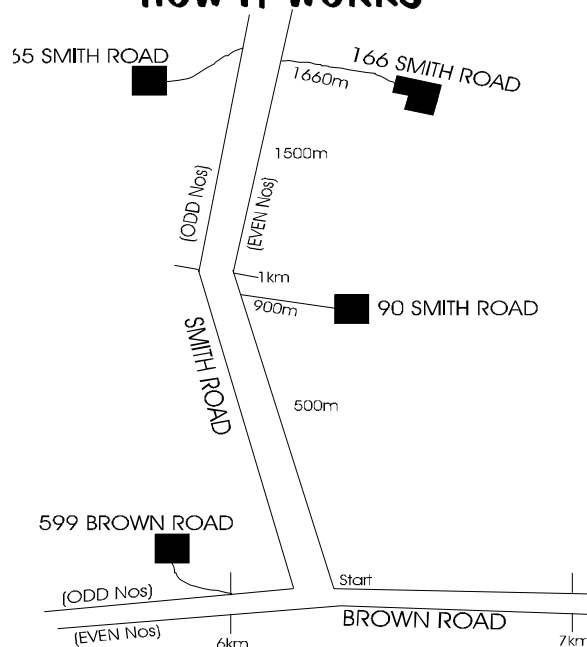

Private Road

Numbers are not allocated to individual properties that are on a private road. Council will only measure to the end of the Council roadway. Again, property owners may further identify their property by using A B C etc.

Rural delivery numbers must still be used in your address e.g. R D 1, as well as your full road address.

If you have any queries please contact the Customer Care Team on 5718008 or 0800 WBOPDC.

RURAL HOUSE NUMBERING HOW IT WORKS

Rural Property Identification Numbering will enable the easy identification of your property for Emergency Services
