LIM application procedure

The Local Government Official Information & Meetings Act 1987 (section 44A) requires that the territorial authority will, on application, supply a Land Information Memorandum (LIM) in relation to matters affecting any land in the district of the authority, **within 10 working days**. Working days are suspended for the period of 25 December to 2 January.

For urgent LIMs, Council offers a 4 working day service. Council does not accept liability from any losses arising from a failure to meet the 4 day service. However, our 100% guarantee means that if we don't deliver within our 4 working day timeframe, a full refund will apply.

Please note the end of the **first working day will be 5.00pm the day after receipt** of the completed LIM application form.

Failure to complete the application form correctly may result in your application not being accepted by the LIM Coordinator.

The following information is to help you complete the form correctly so that your application can be processed without delay:

- The land which is the subject of the application must be accurately identified. The Legal Description can be obtained from the rate demand or from Council's Rates Department. Council takes no responsibility for incorrect legal descriptions
- The present owner details will assist Council to clearly identify the property
- The Contact Details are important in case Council needs to communicate with anyone regarding the application.

Fees must be received with completed application.
