

Leaders are effective, informed and inclusive

How we will measure this: Degree of local government representation

Why are we monitoring this?

Measuring the number of candidates standing in Council elections for the available seats provides indications about the public's willingness to participate in Council decision-making. It can also be a reflection of the public's degree of confidence in its currently elected members and/or that there are particular issues facing the community that they want to be involved in the decision-making for.

Key Results

Source: Western Bay of Plenty District Council.

What is this about?

The chart above shows the number of candidates who stood for Council elections in the last three local government elections for each available seat.

How will we know we are successful?

We are informed and have the opportunity to participate in decision-making.
Effective leaderships is supported and fostered.
