Values and
Decisions

Why did we want to be elected?

- To listen, understand, and communicate with our communities.
- To represent and advocate on behalf of our communities.
- To complete any unfinished and unresolved projects from previous trienniums.
- To improve community outcomes, through community-led development practices.
- To maintain the ‘village’ feel about Te Puke that we love, and to enhance the identity of the area.
- To make Te Puke a destination town while supporting our services and retail to flourish.
- To build close relationships with Council and other organizations to increase investment to meet our needs.
- Support the development of a Te Puke Community Plan that is community-led, and community delivered, if we have community support to do so.
