REGULATORY SERVICES

OVERVIEW

As a regulator we are required to take a balanced response to decision-making by considering the competing rights of individuals and groups to undertake particular activities.

Our decisions on these activities are influenced by:

- Legislation, regulations and national standards that we are required to comply with
- The opportunities we take to develop local policies, plans and by-laws to regulate local issues.

Our Regulatory Services Strategy includes activities which protect people and the environment by regulating and licensing aspects of commercial services and private behaviour where well-being issues arise. These activities include:

- Animal control services
- Building services
- Resource consent services
- Community protection.

Overall we aim to provide high quality regulatory services in a fair and impartial manner, ensuring that customers are kept fully informed at key stages in the service delivery process.

WHY WE PROVIDE IT

OUR COMMUNITY OUTCOME

Regulatory services support community well-being.

OUR GOALS

- Animal control services - provide a safe environment for the public taking into account the needs of animal owners.
- Building services - building work is regulated to ensure the health and safety of people and sustainability in design and construction methods.
- Resource consent services - the quality of the environment enjoyed by residents and visitors is maintained and enhanced.
- Community protection - protect and preserve the environment and public health and safety by minimising risks from nuisance and offensive behaviour.
