

Sunny town square

With the footpaths on the northern side of Jellicoe Street mostly in the shade, the new square will provide a warm and sunny attraction for pedestrians. This will be for most of the day, even in winter time.

The central theme of kiwifruit is illustrated by this simple pergola supporting the vines.

Markets

Activities on the square spilling over onto the park

View from in front of the new community centre, looking towards the mixed use on Commerce Lane and Jellicoe Street. The Puriri Trees on Jellicoe Street are visible in the background
