To the Independent Hearing Panel,

RE: Applicant's technical evidence in support of resource consent application RC14513(L)

In accordance with Minutes 1 and 2, dated 6 March 2025 and 8 April 2025 respectively, please find attached briefs of evidence on behalf of Glen Isla Protection Society Incorporated (“**GIPS**” or “**the Applicant**”) in support of resource consent application RC14513(L), which seeks to establish a coastal protection structure in the coastal environment, adjacent to 9, 11, 12, 13, 14, 15 and 16 Glen Isla Place, Waihi Beach.

As directed by Minute 1, the briefs of evidence are provided in an unlocked Microsoft Word format. The evidence briefs cover:

- > Planning, prepared by Mr Luke Faithfull, Mitchell Daysh Limited;
- > Coastal processes and engineering, prepared by Mr Craig Davis, Davis Coastal Consultants;
- > Technical peer review of coastal processes and engineering, prepared by Mr Jonathan Clarke,;
- > Noise and vibration, prepared by Mr James Whitlock, Marshall Day Acoustics;
- > Landscape and visual amenity effects, prepared by Mr Braddyn Coombs, Isthmus;
- > Avifauna, prepared by Dr Leigh Bull, BlueGreen Ecology Limited;
- > Terrestrial Ecology, prepared by Mr Vaughan Keesing, BlueGreen Ecology Limited;

- > Construction matters, prepared by Dennis Boyd, Beach Contractors Limited; and
- > GIPS/Context, prepared by Mr Andrew Fraser on behalf of GIPS.

Please contact the undersigned and the Applicant's legal counsel, Mr Morgan Slyfield, should you have any questions. Mr Slyfield's contact details are as follows:

- > Email: Morgan.Slyfield@stoutstreet.co.nz
- > Phone: 021 915927

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Luke Faithfull', with a light blue dotted line underneath.
