BEFORE THE WESTERN BAY OF PLENTY DISTRICT LICENSING COMMITTEE

THE APPLICATION

This application, submitted by **MICKEY'S PRIVATE LIMITED,** seeks a **Class 3 Restaurant ON LICENCE** in respect of premises situated at **Shop 7, Cherry Court Shopping Centre, 30 Main Road, Katikati,** known as **Squeeze Cafe Bar and Restaurant.** The principal entrance is accessed from the stairwell on the second story of the Shopping Centre.

This application is a result of a recent change in the ownership of the premises.

The applicant is a private limited company, incorporated on 26 January 2018. The applicant purchased the business on 15 November 2022 and began trading from the business on 21 November 2022. The sole director of the applicant company is Mukhtyar Mukhtyar.

The applicant seeks the following days and hours **Monday to Sunday. Hours: 9:00 am to 12:00 am** midnight.

The premise is of a medium size restaurant was previously licensed, most recently under on licence 022/ON/7466/2019 trading as Café @ The Balcony. This licence was not renewed and expired on 11 March 2020.

Mukhtyar Mukhtyar and Maninder Kaur, (partner of Mukhtyar), has over 10 years of relevant experience in the industry, holds a current manager's certificate (21/CERT/27107/2022) and together with Mukhtyar will operate this business.

The primary nature of the business will be the sale of food with alcohol being available to have accompanied with a meal.

The criteria for the issuing of this licence is found under section 105 of the Sale and Supply of Alcohol Act 2012 (the Act).

WESTERN BAY OF PLENTY DISTRICT LICENSING COMMITTEE
The Common Seal of

REASONS FOR THE DECISION

The Police have not reported on this application and as per Section 103(4) of the Act the DLC can assume the Police have no matters in opposition.

The Medical Officer of Health reported on the application on 28 March 2023. That report did not oppose the application.

The application was publicly notified in the Bay of Plenty Times on the 11th March 2023 and 18TH March 2023. There have been no public objections made within the prescribed time scale.

The Inspector considers the applicant to be suitable and their proposal for the sale and supply of alcohol consistent with the Act's purpose and meets the section 105 criteria.

The Inspector reports that when inspecting the premises 13 April 2023, she met and conversed with both Mukhtyar Mukhtyar and Maninder Kaur and found both understand their responsibilities and requirements under the Act so there are no grounds to question the applicant's suitability at this point in time.

The Local Alcohol Policy stipulates the maximum hours for an On-licence are 9.00 am to 1.00 am the following day. The hours sought are therefore within the hours permitted under the local alcohol policy.

A planning and building certificate issued under 100f of the Act has been issued and was attached to the application. The proposed use of the premises meets the requirements of the Resource Management Act 1991 and the building code.

She has no concerns with the design and layout of the premises and these premises does not require a designation as the principal business is providing meals.

There are three identified risks for this premises: intoxication, minors and drink driving but given the applications experience she is of the opinion that Maninder possesses the qualities of a strong manager and understands her responsibility that the consumption and sale of alcohol in the premises is done safely and responsibly.

The staff undergo training on their responsibilities under the Act and follow the café's host responsibility policy was raised. The applicant appears to have appropriate systems, staff, and training to comply with the law.

The trading hours were not displayed outside at the entrance, advice was given to that if granted this would be a requirement of the licence.

The Common Seal of

The business is currently operating as a café during the day and offers a takeaway menu at night. At the inspection, Maninder and Mukhtyar discussed their plan for the business to shift from a café into a restaurant operating with a dinner menu and closing at approximately 9:00 pm. It is likely that this change in operation could result in an increase to the amount of alcohol sold from the premises. No other goods or services other than food and alcohol will be sold from the premises.

The applicant has confirmed that alcohol will only be served to customers at tables and the applicant indicated that the business intends to have a BYO option for wine only (would be a corkage charge) for customers. The applicant has confirmed that the BYO option would be for wine only and therefore the premises fits the class three restaurant classification.

The premises is location has been taken into consideration and there is a liquor ban in place which covers the entire town of Katikati, meaning the consumption of alcohol (except in a licensed premises) is prohibited in a public place.

There are no sensitive sites such as schools or churches near the premises. However, the Katikati Public Library is located across the road approximately 50 metres from the premises.

Directly behind the premises is a green open space which the Uretara Stream runs through. Approximately 200 metres to the rear of the premises is a residential subdivision, as the applicant has stated that no loud music will be played from the premises it would be highly unlikely that any noise would travel that could disturb local residents. The applicant has been operating at the premises since November 2022 and no complaints have been received relating to noise, nuisance, or vandalism.

The premises is clean, presentable and in keeping with the local area. During the site-inspection there was no visual evidence of anti-social behaviour such as discarded bottles, cans or litter to indicate the outside area is being used to pre-load. Likewise, there is no information to suggest the premises is associated with any criminal behaviour.

The Inspector having inquired into the application, and based on the information provided reports the application meets the criteria in the Act. Subject to no new or contrary evidence being presented, the Inspector does not oppose this application.

Subject to no new or contrary evidence being presented this application is consistent with the Sale and Supply of Alcohol Act 2012 and the purpose of the Act therein meeting the criteria at Section 105 of the Act.

REASONS FOR THE DECISION

The application was publicly notified in Te Puke Times on 24th November 2022 and no objections were received within the prescribed time scale.

The Inspector considers the applicant is suitable and their proposal for the sale and supply of alcohol is consistent with the Act's purpose and meets the section 131 criteria reporting:

- When inspecting the premises and talking with Brett Vincent in April 2023, he displayed a strong understanding of his responsibilities under the Act and there are no concerns with the applicant's suitability.

- The Council has not received reports of issues or concerns from the public or reporting agencies regarding this premises.

- There are three identified risks for this premises: intoxication, minors and drink driving noting that due to its rural location, customers must drive to this premises in order to buy alcohol. The Inspector is of the belief that the managers have the ability to control the sale of alcohol in the premises and ensure that this is done safely and responsibly.

- No feedback or concern from the public or reporting agencies regarding this store selling to intoxicated people or minors.

The premises are well kept and is of a tidy appearance; both within the building and from the outside. Therefore, there is no reason to believe the amenity and good order of the locality would likely to be increased, by more than a minor extent, by the effects of a refusal to renew the licence.

- Similarly, there is no information to suggest the premises are associated with criminal behaviour.

The Inspector, having carried out due diligence into the application, and based on the information provided, reports the application meets the criteria in the Act. Subject to no new or contrary evidence being presented, the inspector does not oppose this application.

The Medical Officer of Health reported on the application on 13 March 2023. That report did not oppose the application but recommended that a minimum of 3 types of Low alcohol and 0% alcohol beers/ciders/ RTDs be made available and recommends having a minimum of 3 duty managers.

The application was publicly notified in the Bay of Plenty Times: 18th March 2023 and no objections were received.

The Inspector considers the applicant to be suitable and the proposal for the sale and supply of alcohol is consistent with the Act's purpose and meets the section 131 criteria, reporting:

- She conversed with Sandra Crooks and the Manager on duty on Thursday 16 March 2023 whilst completing an inspection of the premises. Both Sandra and the duty manager appear to understand their responsibilities under the Act.

- She has received no concerning information regarding the operation of this premises. It appears that the sale or supply of alcohol has been appropriately managed nor have any concerns been raised regarding the applicant's suitability or the current operation of the premise by the reporting agencies.

- There appears to be no grounds to question the applicant's suitability at this point in time.

- There have been no issues raised regarding the Building Code or the Resource Management Act.

- She carried out a full inspection of the premises. The café sells a large range of beverages and food with a display of beverage options including alcohol are displayed by the service counter. Alcohol was stored in a fridge behind the counter, and used by staff when drinks are ordered. Its licensed area is the entire internal and

external areas of the premises and more precisely defined on the plan date stamped as received by Western Bay of Plenty District Council on 19 November 2022. Thereby the Inspector has no concerns with the design and layout of the premises.

- The applicant appears to have appropriate systems, staff, and training to comply with the law.

- There is no reason to believe that the amenity and good order of the locality would be likely to be increased, to more than a minor extent, by the effects of a refusal to renew the licence.

After carrying out a full inspection of the premises and talking with the owner and Manager, the Inspector has no concerns with the design and layout of the premises, the signage, or behavioural issues and is of the view that Sandra Crooks and the duty manager Stephanie Maltby are aware of their responsibilities under the Act.

The Local Alcohol Policy stipulates the maximum hours for an On-licence are:
9.00 am to 1.00 am the following day. The hours sought are within the hours permitted under the local alcohol policy.

The Inspector, having carried out due diligence into the application, and based on the information provided, reports the application meets the criteria in the Act. Subject to no new or contrary evidence being presented, the inspector does not oppose this application.

The hours comply with the requirements of the Local Alcohol Policy, as it applies to the premises.

Subject to no new or contrary evidence being presented, this application appears consistent with the Sale and Supply of Alcohol Act 2012 and the purpose of the Act therein meeting the criteria at Sections 105 and 131 of the Act.
