Western Bay of Plenty District Council: Dog Control Policy and Practices Report 2019-2020

The Western Bay of Plenty District Council, as a territorial authority, is required to manage and enforce provisions pursuant to the Dog Control Act 1996 (the Act). Section 10A of the Act requires the Council to report annually on its Dog Control Policy and practices.

This report fulfils this statutory requirement for the dog registration year: 1 July 2019 to 30 June 2020.

1. Dog Control Policy and Dog Control Bylaw 2016

Council reviewed the existing 2011 Dog Control Policy and Dog Control Bylaw, in accordance with the requirements of the Local Government Act 2002 during the 2015-16 year, with introduction of the Bylaw taking effect on 14 October 2016.

The objectives of the policy are:

- To provide adequate opportunities to fulfil the exercise and recreational needs of dogs and their owners, including off leash exercise.
- To minimise the danger, distress and nuisance (of dogs) to the community generally.
- To minimise the likelihood for conflict between dogs and the public or environment, by restricting access for dogs to public places where appropriate.
- To avoid danger from uncontrolled dogs having access to public places which are frequented by children whether or not the children are accompanied by adults.
- To minimise, to the extent that is practicable, the public fear of attack or intimidation by dogs.
- To actively promote the responsible ownership of dogs.
- To actively promote public safety and education.

Council promotes the Policy and Bylaw through communications with residents and dogs owners through:

- Dogs of the Western Bay newsletter
- Council webpage and Facebook page
- One on one contract with dog owners
- Council dog events
- Puppy training classes

2. Dog exercise areas

The current policy provides for all public spaces including reserves to be used for dog exercise areas, with dogs under control. A number of reserves are restricted to dogs on leash only, to ensure that conflict between other users and wildlife is avoided.

4. Fees

The Council policy seeks to recover 80% of the total cost associated with dog control through registration and control fees and enforcement. General rates funding is used to meet the remaining 20% of dog related costs, reflecting the wider community benefits of effective dog control. Dog registration fees are set by Council resolution.

5. Policy monitoring and compliance

Council has consistently applied the Dog Control Policy and Council's Compliance, Monitoring and Enforcement Strategy when dealing with all matters of dog control over the period 1 July 2019 to 30 June 2020.

This has continued to ensure a fair, unbiased and consistent approach when dealing with either offending dog owners or other interested parties.

Animal Services Officers have continued strategies for the compliance with dog registration within the District which has resulted in achieving 98% registered known dogs.

Council undertook a successful prosecution for an attack on a person. The dog had been classified as dangerous due to previous attacks and this prosecution was taken as a result of a further attack on a person. The prosecution was sought as the dog posed an ongoing risk to the public. The dog owner incurred fines from the Court and the Court issued a destruction order for the dog.

Other initiatives

Dog owner education and dog events

Council has undertaken the following events in the community to educate dog owners on dog behaviour and encourage responsible dog ownership.

Dogs' day out event

This event was held in Te Puke at Jubilee Park Reserve in February and following on from previous years has been an opportunity for dog owners to engage with staff, see dog behaviour displays and dog stalls. Council's dog microchipping, registration and dog fostering and adoption services are promoted.

Open Session Date

Wander Dog walks

Council undertook a series of dog walks promoting responsible dog ownership and positive community socialisation of dogs. These were well attended and are a great opportunity for dog owners to engage with Council Animal Services staff and other dogs and their owners.

Wander Dogs of Western Bay Dog Owner Newsletter

One dog newsletter was sent to dog owners during the year. The newsletter highlights Council requirements in the Policy and Bylaw, promotes dog events, responsible dog ownership, key registration dates and has dog training tips. Dog communications have also included Facebook information and information on Council's webpages.

TECT Park- Dogs Mud Run

A combined event was held in conjunction with Tauranga City Council animal services team at TECT All Terrain Park. This event was very popular with families, provided good opportunities for dog socialisation and promoted the dog exercise spaces at TECT Park.

Dog Owner Education

Community dog education was also undertaken by staff with workplace groups, and to dog owners in conjunction with Te Puke Vets & Tauranga, Katikati and Te Puna Vets.
