The Act has the following objects:

- (a) that the sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and
- (b) that the harm caused by the excessive or inappropriate consumption of alcohol should be minimised.

Under the Act, councils and their communities have the opportunity to develop a local alcohol policy. Section 77 of the Act allows that a local alcohol policy may include policies on the following matters (and no others):

• the location of licensed premises by reference to broad areas

- the proximity of licensed premises to other facilities or licensed premises
- whether further licences should be issued in the district or parts of the district
- maximum trading hours
- the issue of licences subject to discretionary conditions, and
- one-way door restrictions.

In making decisions on licence applications, the licensing committee or licensing authority must have regard to the local alcohol policy. Except for persons with a greater interest in a licence application than the public generally, the local alcohol policy is the principal method by which communities can influence licensing decision-making.

Under the Act, a local alcohol policy must be reviewed no later than six years after adoption.
