ON / OFF / CLUB LICENCES

Fees vary depending on the “cost/risk rating” of each premises and consist of:

- an application fee, which licensees will have to pay when they apply for a new, renewed, or variation to a licence; and
- an annual fee, which must be paid by licensees each year.

Determining a premises’ cost/risk rating

A premises’ cost/risk rating will be determined by a combination of factors. Table 2 shows how a premises’ cost/risk rating is determined. For example, a liquor store closing at 11:00 pm with two enforcements in the last 18 months would have an overall rating of 38.

Cost/risk rating of premises (direct from the regulations)

- (1) A territorial authority must assign a cost/risk rating to any premises for which an on-licence, off-licence, or club licence is held or sought.
- (2) The cost/risk rating of premises is the sum of the highest applicable weighting.
- (3) The weightings relating to the type of licensed premises are as follows:

Ground charges

During the 2012-22 Long Term Plan process Council resolved to remove user charges for sports fields and courts. Council also needs to programme maintenance e.g. mowing, turf renovation around users.

Bonds

Bonds may be required to ensure any potential damage or excessive wear and tear can be reinstated. Bonds are to be paid prior to confirmation of the booking and will range in value from \$150.00 up to \$2,000.00. Bonds are returned if premises are left clean, tidy and in good condition.

INDICATIVE FINANCIAL CONTRIBUTIONS - FOR INFORMATION ONLY

Financial Contributions are included in the fees and charges for information only and become effective on 1 July 2020. Financial Contributions are established based on the policy and methodology as presented in our District Plan in accordance with the Resource Management Act 1991. They may change in response to the capital works identified to be carried out as part of the Annual Plan.

Our District Plan contains the original infrastructure schedules used for calculating financial contributions. These are updated annually through the Annual Plan with respect to costs and time only and are presented below.

As the process for setting financial contributions is established in our District Plan, submissions through the Annual Plan public consultation process are limited to the quantum of the financial contributions as set through the costs and timing of the construction of the various infrastructure.
